- Support key events such as Big Room Planning or Release Retrospectives
- Help fill an internal gap such as Scrum Mastery
- Set a strong operating rhythm to help you speed up your own Agile adoption

AGILE COACHING

Draw from our experienced team, enterprise and leadership coaches to:

- Align your people around your way of working
- Support capability, behaviour and mindset development
- Observe and improve individual behaviours
- Run group learning sessions and create centres of excellence
- Coach Agile transformations

AGILE ADVISORY

Draw from our skills and experience to help your organisation:

- Work through a significant change or transformation to your way of working
- Approach challenges around organisational constraints such as governance, regulation, funding, human resources or structure
- Integrate Agile practices with other related disciplines such as Lean, Design Thinking or DevOps
- Assess the maturity of your adoption and advise on your next evolutionary steps
